

Section 75 Policy Screening Form

Part 1: Policy Scoping

The first stage of the screening process involves scoping the policy or policy area. The purpose of policy scoping is to help prepare the background and context and set out the aims and objectives for the policy being screened. At this stage, scoping the policy will help identify potential constraints as well as opportunities and will help the policy maker work through the screening process on a step by step basis.

You should remember that the Section 75 statutory duties apply to internal policies (relating to people who work for the authority), as well as external policies (relating to those who are, or could be, served by the authority).

Information about the policy

Name of the policy or policy area: Conflict of Interest

Is this an existing, revised or a new policy/policy area?

Existing	Revised	New
		X

Brief Description : A conflict of interest arises when an individual has two different interests that overlap. This policy is relevant to the Agency Staff and Board members alike:

What is it trying to achieve? (intended aims and outcomes)

Conflicts of interest must be declared by public officials and Board members and managed effectively by the Agency to prevent them undermining the proper conduct of Agency business and adversely affecting the organisation's reputation.

Are there any Section 75 categories which might be expected to benefit from the intended policy?

YES	NO	N/A
	X	

If YES, explain how.

Part 2: Screening Questions

Introduction

1. If the conclusion is **none** in respect of all of the Section 75 categories, then you may decide to screen the policy **out**. If a policy is 'screened out', you should give details of the reasons for the decision taken.
2. If the conclusion is **major** in respect of one or more of the Section 75 categories, then consideration should be given to subjecting the policy to an EQIA.
3. If the conclusion is **minor** in respect of one or more of the Section 75 categories, then consideration should still be given to proceeding with an EQIA, or to measures to mitigate the adverse impact; or an alternative policy.

In favour of a 'major' impact

- a) The policy is significant in terms of its strategic importance;
- b) Potential equality impacts are unknown, because, for example, there is insufficient data upon which to make an assessment or because they are complex, and hence it would be appropriate to conduct an EQIA;
- c) Potential equality and/or good relations impacts are likely to be adverse or are likely to be experienced disproportionately by groups of people including those who are marginalised or disadvantaged;
- d) Further assessment offers a valuable way to examine the evidence and develop recommendations in respect of a policy about which there are concerns among affected individuals and representative groups, for example in respect of multiple identities;
- e) The policy is likely to be challenged by way of judicial review;
- f) The policy is significant in terms of expenditure.

In favour of 'minor' impact

- a) The policy is not unlawfully discriminatory and any residual potential impacts on people are judged to be negligible;
- b) The policy, or certain proposals within it, are potentially unlawfully discriminatory, but this possibility can readily and easily be eliminated by making appropriate changes to the policy or by adopting appropriate mitigating measures;
- c) Any asymmetrical equality impacts caused by the policy are intentional because they are specifically designed to promote equality of opportunity for particular groups of disadvantaged people;
- d) By amending the policy there are better opportunities to better promote equality of opportunity and/or good relations.

In favour of none

- a) The policy has no relevance to equality of opportunity or good relations.
- b) The policy is purely technical in nature and will have no bearing in terms of its likely impact on equality of opportunity or good relations for people within the equality and good relations categories.

Taking into account the earlier evidence, consider and comment on the likely impact on equality of opportunity / good relations for those affected by this policy, by applying the following screening questions and the impact on the group i.e. minor, major or none.

Screening questions

1 What is the likely impact on equality of opportunity for those affected by this policy, for each of the Section 75 grounds? Minor/Major/None		
Section 75 Category	Details of Policy Impact	Level of Impact? Minor/Major/None
Religious belief	N/A	
Political opinion	N/A	
Racial / ethnic group	N/A	
Age	N/A	
Marital status	N/A	
Sexual orientation	N/A	
Men and women generally	N/A	
Disability	N/A	
Dependants	N/A	

2 Are there opportunities to better promote equality of opportunity for people within any of the Section 75 categories?		
Section 75 Category	If Yes, provide details	If No, provide reasons
		No. These are blanket policies which apply to everyone with no exceptions

3 To what extent is the policy likely to impact on good relations between people of different religious belief, political opinion or racial group? Minor/Major/None		
Good Relations Category	Details of policy impact	Level of impact Minor/Major/None
Religious belief	N/A	
Political opinion	N/A	
Racial group	N/A	

4 Are there opportunities to better promote good relations between people of different religious belief, political opinion or racial group?		
Good relations category	If Yes, provide details	If No, provide reasons
		No. These are blanket policies which apply to everyone with no exceptions

Additional considerations

Multiple identity

Generally speaking, people can fall into more than one Section 75 category. Taking this into consideration, are there any potential impacts of the policy/decision on people with multiple identities?

(For example; disabled minority ethnic people; disabled women; young Protestant men; and young lesbians, gay and bisexual people).

Provide details of data on the impact of the policy on people with multiple identities. Specify relevant Section 75 categories concerned.

Part 3: Screening Decision

In light of your answers to the previous questions, do you feel that the policy should:
(please underline one):

- 1. Not be subject to an EQIA (with no mitigating measures required)**
- 2. Not be subject to an EQIA (with mitigating measures /alternative policies)**
- 3. Not be subject to an EQIA at this time**
- 4. Be subject to an EQIA**

If 1. or 2. (i.e. not be subject to an EQIA), please provide details of the reasons why:

We do not require EQIA as the strategy does not adversely affect any of the Section 75 categories
Terms and Conditions of all contracts include reference to equality of opportunity

If 2. (i.e. not be subject to an EQIA), in what ways can identified adverse impacts attaching to the policy be mitigated or an alternative policy be introduced?

In light of these revisions, is there a need to re-screen the revised/alternative policy at a future date? YES / NO

If 3. or 4. (i.e. to conduct an EQIA), please provide details of the reasons:

Timetabling and Prioritising EQIA

If 3. or 4., is the policy affected by timetables established by other relevant public authorities? YES / NO

If YES, please provide details:

Please answer the following questions to determine priority for timetabling the EQIA. On a scale of 1-3, with 1 being the lowest priority and 3 being the highest, assess the policy in terms of its priority for EQIA.

Priority criterion	Rating (1-3)
Effect on equality of opportunity and good relations	
Social need	
Effect on people's daily lives	
Relevance to a public authority's functions	

Note: The Total Rating Score should be used to prioritise the policy in rank order with other policies screened in for EQIA. This list of priorities will assist you in timetabling the EQIA. Details of your EQIA timetable should be included in the quarterly Section 75 report.

Proposed date for commencing EQIA: _____

Any further comments on the screening process and any subsequent actions?

Part 4: Monitoring

Effective monitoring will help identify any future adverse impacts arising from the policy which may lead you to conduct an EQIA, as well as help with future planning and policy development. You should consider the guidance contained in the Commission’s Monitoring Guidance for Use by Public Authorities (July 2007). The Commission recommends that where the policy has been amended or an alternative policy introduced, then you should monitor more broadly than for adverse impact (See Benefits, P.9-10, paras 2.13 – 2.20 of the Monitoring Guidance).

Please detail proposed monitoring arrangements below:

Part 5: Approval and Authorisation

Screened by:	Position/Job Title	Date
David McCallum 	Director of Corporate Services	14/10/15
Approved by: 		
Ian Crozier	Chief Executive	14/10/15

Note: A copy of the Screening Template, for each policy screened should be ‘signed off’ and approved by a senior manager responsible for the policy, made easily accessible on your website as soon as possible following completion and made available on request.
